Subject: GD Entry Date Change Issue

Details:

- Due to a network issue and CCTNS not working properly, the GD (General Diary) entry could not be made on the same day and same time .
- The GD entry was completed the next day other serial number.
- To resolve the issue and maintain correct record timing, the GD entry date needs to be changed to reflect **yesterday's date** and incorrect numbers(the actual date of occurrence).

Request:
Kindly approve the date and serial number change in the system to ensure accurate GD record entry.
