Resolution , Date and Time	19-03-2025

Issue: CCTNS Login Issue **Problem in Mudaliarpet Police Station PUDUCHERRY.**

Description:

- Offline or online entry synchronization has **not been completed** for **Mudaliarpet** Police Station in **PUDUCHERRY.**
- As a result, the data entries are not being updated in the central system.

Steps Taken / Required Resolution:

1. The issue was identified as a **synchronization failure**—either due to network issues or missed scheduled syncs.
2. To resolve this, we need to **run a manual SYNC** for the specific police station.
3. The SYNC operation will be carried out **through the SYNC Server**, targeting **Mudaliarpet** separately.
4. Once the manual SYNC is initiated:
    - It may take some time for the entries to reflect properly in the system.
    - A stable network connection should be ensured throughout the process.

Note: Please verify the data after synchronization to confirm successful update.
